INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1938 edition of the Plainfield City Directory, which also includes North Plainfield, Dunellen, Fanwood, Scotch Plains and the rural routes pivotal from the Plainfield Post Office. Four new features mark this edition. They are the designation of tenant-owned homes, the designation of the population of each house, and the listing of telephone numbers—all in the Directory of Householders—and the Numerical Telephone Directory.

Confidence in the growth of Plainfield's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Plainfield to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Plainfield Directory will fulfill its mission as a source of authentic information pertaining to the community.

Seven Major Departments

The seven major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT for Plainfield and North Plainfield, pages 12 to 22, on white paper, presents lists of city, borough, county, state and federal officials; statistical review; and manufacturing, trade and civic surveys. Similar departments for the other municipalities appear at the beginning of the respective sections.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Plainfield and North Plainfield is included in pages 25 to 618, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Plainfield and North Plainfield, and the name, official personnel, nature and address of each firm and corporation. A similar list for Dunellen will be found in pages 859 to 924; for Fanwood, in pages 929 to 950; and for Scotch Plains, in pages 957 to 995.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Plainfield and North Plainfield, on pink paper, covers pages 621 to 766. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting

streets appear at their respective crossing points on each street. Three new features are included in this section. They are the designation of tenant-owned homes, the designation of the population of each house, and the listing of telephone numbers. Street guides for the other municipalities will be found at the beginning of the respective sections.

THE NUMERICAL TELEPHONE DIRECTORY, a new feature, on blue paper, extends from page 769 to page 839.

THE PLAINFIELD RURAL ROUTES DIRECTORY, on white paper, appears in pages 841 to 852.

THE BUYERS' GUIDE, beginning opposite page 996 and separately paged from 1 to 20, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Plainfield and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Plainfield, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 1017 to 1132, on yellow paper. This department lists the names of all business and professional concerns of Plainfield and vicinity in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Plainfield and vicinity. There are more than 450 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

Public Libraries—5, including branches, with total of 88,595 volumes.

City Statistics—Total street mileage, 102.28, with 85.84 miles paved. Miles of sewers, 115.3. Number of water meters, 7,500; light meters, 6,790; gas meters, 11,975. Capacity of water works, 15,000,000 gallons; daily average pumpage, 8,000,000 gallons; miles of mains, 3,030; value of plant, \$7,000,500. Fire department has 60 men, with 3 stations and 14 pieces of motor equipment. Value of fire department property, \$123,200. Police department has 65 men, with 1 station and 8 pieces of motor equipment.

General Review

Situated in an attractive location, 24 miles southwest of New York City, and immediately south of the Watchung Mountains, Plainfield, a beautiful residential suburban city of 38,000 population, is also the center of a retail trade area which extends west 30 miles to Flemington in Hunterdon County, northwest 28 miles to Chester in Morris County, northeast 9 miles to Springfield in Union County, southeast 7 miles to Metuchen in Middlesex County, and southwest 21 miles to Belle Mead in Somerset County. This area approximates 418 square miles and comprises an estimated population of 176,697, which represents 27% of the population of Union County, 83% of Somerset County, 12% of Middlesex County, 8% of Morris County and 42% of Hunterdon County.

Because of the rapid development of northern New Jersey, Plainfield is ideally situated by reason of its location, railroads and highways to dominate as a manufacturing, distributing and shopping center the entire area described above.

New Jersey ranks among the first states of the Union in education. Rutgers University, while not included within the Plainfield area, is located only 9 miles southwest of Plainfield in New Brunswick, and is one of the earliest institutions of learning in the U. S., having been founded as Queen's College by charter from King George III in 1766. The public school system is adequate to serve the educational needs of all children. 1,800 boys and girls are enrolled in the Plainfield High School, while 5,200 attend the 12 primary and grammar schools. To Plainfield is awarded the honor of being the home of the free public school system in the State of New Jersey. The first school came into existence Aug. 16, 1847. Congregations of every creed meet in dignified houses of worship numbering 40 in all, and a fine spirit of friendship exists among the various denominations.

A paid supervisor directs recreational activities throughout the entire year, so that no form of recreation is found lacking. Four moving-picture theatres operate three and four shows daily for twelve months. There are several auditoriums, and clubhouses for indoor baseball, boxing and exposition purposes.

Plainfield has never had a strike or labor dispute of any consequence. Labor radicalism is decidedly lacking. The quantity and quality of skilled male workers are excellent for most manufacturing purposes, and the female labor market, while not large, is considered adequate. Skilled machinists of all kinds; building trades, metal, garment, silk and assembly workers, and printers predominate in the labor market. The principal industrial products are motor trucks and busses, printing presses, newspaper machinery, magazine printing, tools and hardware specialties, hats, women's dresses, undergarments and clothing; adhesives, broad silk, wood and concrete preservatives, paints, pigments, steel fabricating, concrete mixing machines, electric motors, wood partitions, and radio condensers.

Plainfield is on the main lines of the Central Railroad of New Jersey, the Baltimore & Ohio Railroad, and the Reading System. The Lehigh Valley Railroad main line station is located in South Plainfield, three miles from the center of Plainfield. Bus services are adequate and cover the entire trade area and the principal outlying cities.

The Plainfield territory has a white native-born population that exceeds the general average type for the U. S. The people are industrious, progressive and accustomed to high standards of living. The water supply is always fresh and adequate, being furnished from artesian wells and pumped into ample reservoirs. About two-thirds of the population own their homes, which percentage is far above the average for the nation.

NORTH PLAINFIELD

Statistical Facts

Form of Government—Councilmanic (borough).

Population—1930 U. S. Census, 9,760; borough estimate at present, 10,000.

Area—3 square miles.

Altitude—104 feet above sea level.

Assessed Valuation—\$9,545,525 (1937).

Building and Construction—Value of building permits, \$295,682 (1937).

Real Estate—2,453 homes, with 75% owned by occupants.

Railroads—Central R. R. of N. J.

Education—6 schools, including 1 high and 1 parochial. Number of pupils in public schools, 2,200. Number of teachers, 73.

Borough Statistics—Fire department has 8 men, with 1 station and 3 pieces of motor equipment. Police department has 10 men, with 1 station and 2 pieces of motor equipment.

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick's and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

PLAINFIELD****Directory of Householders, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide****1938****INCLUDING NORTH PLAINFIELD**

Copyright, 1938, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Figures following names denote number of persons living at that number.

Telephone numbers, as supplied to us on our canvass, are shown opposite names. (Exchange is Plainfield unless otherwise noted).

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

REPAIRING

133 North Ave.

Phone 6-0460

It directs buyers from all parts of the community to your business and to any particular service which they may require.

The advertisers stand out as the leading and permanently progressive firms of the community.

You should make it easy for people to find you by putting in the directory such information as a buyer wants to know.

For FREE suggestions on how to make your advertising most effective write—

R. L. POLK & CO.

PUBLISHERS

354 Fourth Ave., New York, N.Y.

The Sign over your door

tells the passer-by that you are there ready to serve him.

But you also want to tell people, in all parts of the community, where you are and what you do.

The sign is only seen, however, by the small portion of the population who pass your way. Being fixed, it cannot reach out and tell somebody, a good prospect, on the other side of town about your business.

But Your Directory Advertising

is before the entire community

Closed Saturdays

N. PLAINFIELD, N. J.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
